

Associate Consultant

RED OHMS Group, a fast-growing multi-disciplinary team in Sydney specialising in providing occupational hygiene, environment and training support and solutions for our industrial, civil and government client base. We work smart, we're committed, and we're keen to succeed!

We are looking for an **Associate Consultant** with four **(4)** to six **(6)** years of experience in Occupational Hygiene including Asbestos. The successful applicant must be a Licensed Asbestos Assessor (LAA). You must be able to demonstrate your experience with friable asbestos.

At the core of RED OHMS Group is our dedication to Occupational Hygiene and Training. We are looking for quality people to join us who can demonstrate experience in any of the following:

- Ω N.A.T.A asbestos air monitoring, sample identification and laboratory procedures
- Ω Conduct hazardous materials surveys, experience with preparation of management plans and removal documentation.
- Ω Preparation of proposals and contributing to Pursuits and Tenders.
- Ω Project management, management of hazardous materials remediation projects and client liaison
- Ω Preparation and reviewing of technical reports;

Experience in some of the following is also desirable:

- Ω Surveying, Air Monitoring, Inspection and Project Management related to Asbestos & Hazardous Materials
- Ω Exposure assessment and monitoring of Dusts, Silica, Welding Fumes, and Diesel Particulate Matter
- Ω Mycological Inspections, Risk Assessments and Post Remediation Verification Assessments
- Ω Occupational and Environmental Assessments and Monitoring of Noise and Vibration
- Ω Indoor Air Quality Assessments
- Ω Testing of Personal Protective Equipment
- Ω Testing of Water Quality and Potable Water
- Ω Ventilation Assessments
- Ω Risk Management and Technical Report Writing; and
- Ω Provision of Training

Minimum requirements:

- Ω attention to detail and the ability to maintain focus on the task in hand;
- Ω highly organised and great at planning work activities;
- Ω ability to be flexible with working arrangements, site travel according to client requirements;
- Ω enthusiasm and can-do outlook;
- Ω be willing to work across the business services, including environment, contaminated land and training.
- Ω enjoys working with clients and developing relationships; and
- Ω be willing to engage with and contribute to a growing dynamic team.

Joining the team at RED OHMS, we offer an opportunity to:

- Help build a growing business in Sydney.

Associate Consultant

- Gain training and mentoring from a caring team of knowledgeable, capable and qualified team members from around the country.
- Have access to international training licensed from the British Occupational Hygiene Society (BOHS);
- Determine your career development while we implement together your professional development plan; and
- Travel, with both site and office composed work.

Qualifications in a Science, Environmental discipline or similar is desirable.

If you fit this description and wish to become an integral part of a new opportunity based in Sydney, please submit your CV by applying through this site.

What we can offer:

- Flexible work options
- A fun, supportive and diverse workplace
- Professional Development Opportunities
- We provide opportunities to work with and learn from some of Australia's leading Certified Occupational Hygienists and Environmental professionals

Remuneration will be negotiated with the right candidate.
