

Occupational Hygienist/Consultant

The RED OHMS Group is a consultancy, with Headquarters in Perth, but servicing the resources industry and government across Australia. We specialise in providing occupational hygiene, environment, asbestos and training support and solutions for our industrial client base. We work smart, are committed and keen to succeed. If this sounds like you, we would like to hear from you!

To be successful in the position we are looking for an Occupational Hygienist who can have proven experience in the following:

- Ω Conducting health and hygiene risk assessments;
- Ω Creating health and hygiene management plans;
- Ω Conducting noise surveys;
- Ω Expert knowledge and skills in the operation and execution of industry related equipment e.g., fibre, dust, heavy metals (welding fumes), noise and volatile organic compounds;
- Ω Project management skills in planning, preparing, & executing health/ hygiene monitoring programmes; and
- Ω Experience in researching occupational hygiene issues and providing pragmatic solutions to our clients.

As a minimum, the successful candidate shall display the following attributes:

- Ω High attention to detail and ability to maintain focus on the task at hand;
- Ω Sound time management and organisational skills;
- Ω High degree of flexibility with working arrangements, site travel according to client requirements is required (i.e. FIFO);
- Ω Sound desire and willingness to learn, mentor and be mentored;
- Ω Possess an enthusiastic and can-do outlook; and
- Ω Be willing to engage with and contribute to a dynamic team environment.

The successful candidate shall possess (and / or be working towards) the following qualifications:

- Ω Bachelor's degree in Science BSc;
- Ω Working towards and/or achieved post graduate qualification in relation to occupational hygiene;
- Ω Full Membership with the Australian Institute of Occupational Hygienists (AIOH) and a desire to become a Certified Occupational Hygienist;
- Ω Noise Officer Certification; and
- Ω Registered Hygiene Sampler with DMIRS and Surface Ventilation Officer.

What we can offer:

- Ω Flexible work options
- Ω A fun, supportive and diverse workplace
- Ω We provide opportunities to work with and learn from some of Australia's leading Certified Occupational Hygienists and Environmental professionals
- Ω The opportunity to influence and build a workplace culture in a fast-growing operation

Qualifications in a Science discipline or similar is desirable.

If you fit this description for a role based in WA, please submit your CV by applying through this site.

Remuneration will be negotiated with the right candidate.
